### MEDIA RELEASE

FOR IMMEDIATE RELEASE

JANUARY 28, 2010

### 2010 WILL BE A BANNER YEAR

Referring to 2009 as a year of change, progress and collaboration for the association, LMS President Jeff Jameson believes that with a strong membership 2010 will be a "banner year".

Speaking at the annual general meeting of LMS, which was held on January 22 in conjunction with the Saskatchewan Beef Industry Conference at the Saskatoon Inn, Mr. Jameson said the Board will build on relations with the provincial government and producer associations, and continue to seek out provincial and federal initiatives beneficial to members.

In keeping with the expanded profile of the LMS in the provincial livestock community, the LMS Board of Directors increased from five to seven. Robert Ross from Parkland Livestock Market in Kelliher and Stewart Stone from Heartland Livestock in Regina join the re-elected Board of President Jameson, First Vice President Rhett Parks, Second Vice President Bob Blacklock, Past President Wayne Bowyer and Livestock Markets Association of Canada Representative Michael Fleury.

"There are many issues that impact our members. Having a committed Board of Directors is critical to ensuring our association is part of the planning process that seeks long-term solutions for the challenges within the livestock sector," Mr. Jameson added.

The semi annual meeting of the LMS is scheduled for May 14 in Regina.
